

Grace Baptist Christian Academy

**Upper Middle School and High School
Course Offerings**

A letter from the Administrator:

The current motto of Grace Baptist Christian Academy is, "*The Opportunity Place for Christian Young People.*" I do not want students that come to Grace Baptist Christian Academy to make an educational sacrifice so that they can have a Biblically based education. In years past, Christian school students that wanted to pursue higher education, while still in high school, had to outsource their educational experience at secular colleges and universities. You should not pay for a Christian education and be forced to have your child educated by an unsaved teacher or with secular textbooks. Grace Baptist Christian Academy has partnered with Sevenstar Academy (a Christian online high school), Maranatha Baptist University (a Regionally Accredited Christian University), and Good Company Tutorials (an Attleboro Christian Homeschool Cooperative Group) to provide your child with the best Christian education possible! I have set up a "Track System" that allows our diverse student body to pick an area of study that is geared for them, while still meeting Grace Baptist Christian Academy and Massachusetts state graduation standards. Your tuition will cover everything your student needs to graduate. We have partnered with these groups so that you can save money, however, some of the classes that are available (but not required) may be at an additional cost to you. You will see no difference in our program if you decide to not have your student take any extra classes. We are providing each student that desires the opportunity to graduate high school with a Regionally Accredited Associates Degree and Accredited high school credits that can transfer to any college in the world! This would potentially save your child thousands of dollars in college expenses. You can feel confident that your child will be challenged, and prepared for whatever ministry God calls them to do when they graduate from Grace Baptist Christian Academy. You can trust that I will do everything in my power to provide the best opportunity for your child educationally, athletically and most importantly spiritually.

Sincerely, in Christ.
